

Coaching Report 2008

The following clinics have been posted:

CSI

October 5 London
October 19 Hensall

CI

September 27-28 Guelph
October 18-19 London

Gradation

October 26 London
November 2 Guelph

Plan is to host CSI in Waterloo and Tillsonburg if needed. These will be posted once details are known.

Still waiting to hear from ORA regarding re-certification for Level one and CSI coaches trained in 2003, 2004, 2005. This is from the NCCP chart that was sent out by Ringette Canada in August. The question is will Ontario follow these standards this season. I will post on website once I know.

Any coaches needing evaluations completed need to contact Mike and ORA so I can get these set up as we only have 2 evaluators in Western Region at this time for the CI and gradation.
