Ringette Canada has made many changes to the technical program for the 2011 Canada Games. It has altered the number of bench staff personnel to 3 and the number of players on the team to 16. Whether this will have an effect of the Ontario Winter Games is not known,

The A/AA League has progressed nicely this season. It is a great league for our Provincial teams to play.

Shot clocks are still available so remember to book them online if needed.
